AT THE PAINE | 2028

Welcome

Welcome to the Paine Art Center and Gardens, a historic Oshkosh estate flourishing with art, gardens and inspiration. Characterized by European style architecture and more than three and a half acres of botanical gardens, our breathtaking property offers an unforgettable setting for the wedding of your dreams.

For every season, the timeless beauty of the Paine provides a striking backdrop. Springtime welcomes over 10,000 blooming tulips, Magnolia trees and wildflowers. Summer brings warmth and sunshine to wake up the roses, vines, and floral combinations. Autumn boasts seasonal color, hardy greens and fall-blooming plants. Winter is a time for lavish holiday decorations and scenes from the Nutcracker ballet.

The property offers many romantic indoor and outdoor venue choices for your special day.

The Conservatory, designed in the style of an English garden, provides year-round event space for larger groups. This light-filled room features tall windows framing spectacular views of our formal garden. The dramatic skylight illuminates the white interior and provides sunshine throughout all four seasons. The adjoining Carriage House provides a unique space for pre- and post-dinner festivities as well as smaller events, such as rehearsal dinners or showers.

A picturesque outdoor location for groups of up to 200 guests, the secluded Ceremony Garden is bordered by an array of perennials and annuals throughout the spring, summer and fall seasons. A canopy, situated at the rear of the garden, provides shade and respite from inclement weather. The new stunning Formal Garden is now available for smaller ceremonies hosted after our public visiting hours.

Planning

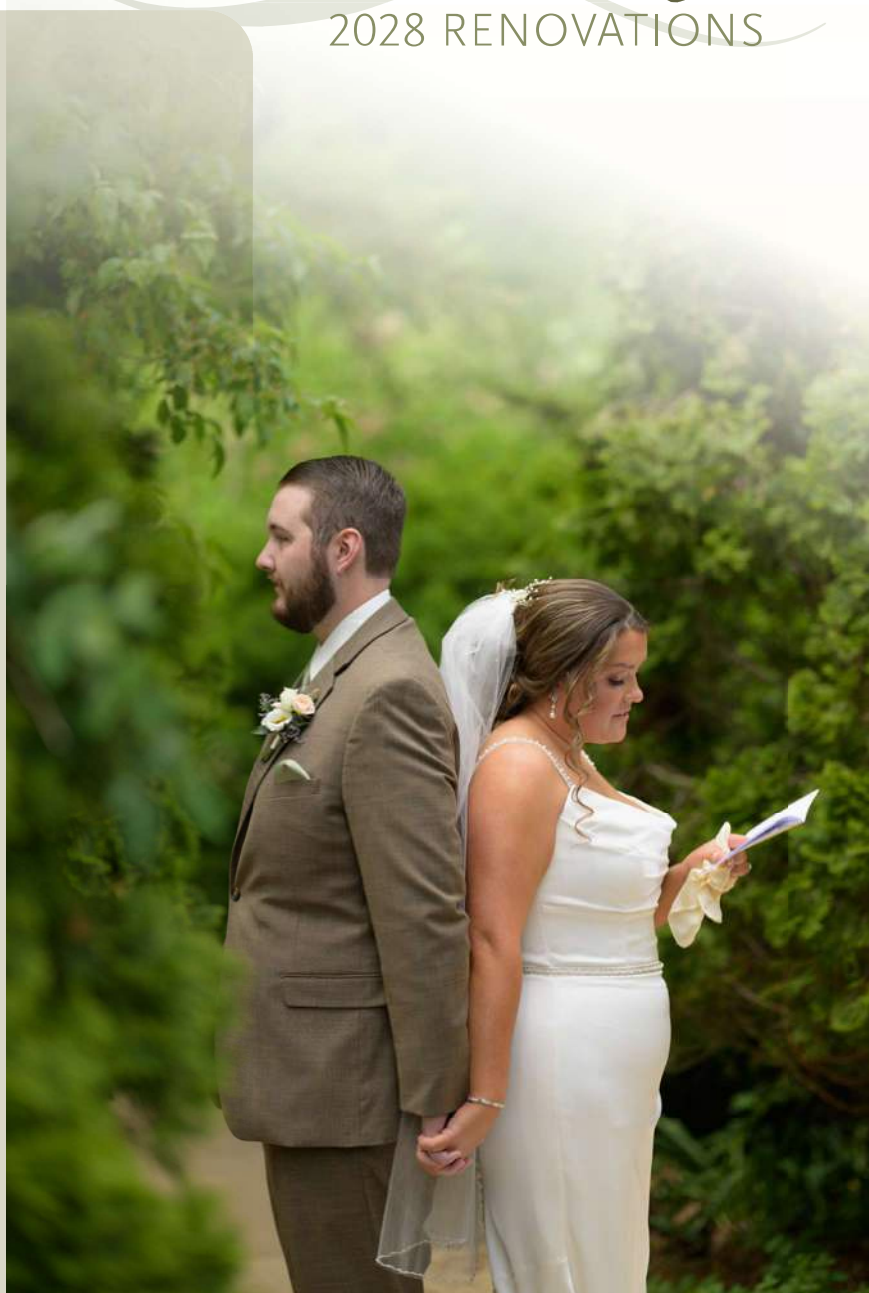

2028 RENOVATIONS

The Paine is planning important preservation work on the historic mansion during 2028, including a roof replacement and renovations to the main entrance.

Couples considering a 2028 event should anticipate that the mansion may not be accessible for rentals, guest use, or photography. Construction activity, scaffolding, equipment, and materials may also impact views of the mansion and surrounding areas.

While project details and timelines are still being finalized, we encourage couples to plan their event with the understanding that the mansion and areas immediately surrounding it may be unavailable throughout much of 2028.

We appreciate your understanding as we invest in preserving this historic landmark for future generations.

WEDDINGS AT THE PAINE

A three-tiered ornate fountain is the central focus, with water cascading from each tier and spraying upwards from the top. The fountain is set in a garden with a large bed of pink and red tulips in the background. Lush green trees and shrubs form a backdrop. In the foreground, a brick path and some stone steps are visible. The overall scene is bright and colorful, suggesting a spring setting.
